

# 33<sup>rd</sup> Washington State Model Railroad Show & Marketplace

Evergreen State Fairgrounds, Monroe, WA  
February 21<sup>st</sup> & 22<sup>nd</sup> 2026

United NorthWest Model RR Club is proud to announce our sponsorship of the 33rd Model Railroad Show and Marketplace next year.

As can be seen on the attached form, we are again requesting as much flexibility as possible on the size configurations of layouts. We will continue to work with all layouts to accommodate space requests, as you have probably noticed we are at max capacity in the buildings we currently have access to at the fairgrounds. Starting in 2026, we may have to ask one larger layout to "opt out" each year on a rotating basis until we have more space available. We will also be rotating the placement of the layouts to add a variety of visual interest for our patrons. We value your attendance at the show and will always do our best to incorporate as many layouts as possible each year!

**Please note we are asking for all layout registrations to be submitted by January 20<sup>th</sup> 2026.** After January 25<sup>th</sup> we will have a preliminary floor plan and will address any changes, special needs or requests. Please be sure that your club contact information is up to date. We will also utilize the Puyallup show in January to address any concerns or questions face-to-face with the layout coordinators present.

For those of you planning on attending, here is additional information:
